Excellence Club Aerospace Awards

Rewarding Best Projects in the Aerospace Industry in a Unique Professional Congress

In October 2021, AeroMorning's Premium Business Club will introduce a new concept of event to stimulate the industry and offer a new way to strengthen business and develop new markets: the Excellence Club Aerospace Awards.

The Awards inaugural edition is aimed at being a confluence zone for aerospace professionals, serving a common interest for all companies: resilience to the current crisis, for the establishment of an ambitious future. Decision-makers, producers, broadcasters, financiers, suppliers, and other major players will attend this genuine marketplace to seize best opportunities for their future development.

A program designed to stimulate fruitful collaborations

Technical workshops with international executives

Networking and exchanges sessions

Prize giving ceremony

Gala diner

About us

AeroMorning's Premium Business Club

— Founded in April 2018 by Nadia DIDELOT to gather professionals from the aerospace industry during convivial events. For three years, round tables, conferences-debates and business dinners have brought together corporate members, triggering fruitful relationships between aeronautics and space industry players.

SINCE THE BEGINNING

- Our events' common thread: innovation and news topics
- International corporate network composed of managers, executives, technical experts, researchers, professor, CEOs, financiers, suppliers, etc
- Executive committee composed of 12 aerospace managers and experts
- **12 events** organised since inauguration with attendance ranging from 10 to 30 people
- **29 speakers** from major aerospace companies, suppliers and entities including: Airbus, Collins Aerospace, Siemens, Rolls-Royce, Telespazio, Aerospace Valley, Liebherr Aerospace, Thales, Toulouse Business School, etc
- For events organisation, partnerships organised with major aerospace and local entities
